Burglars Loot Box Car Of Gluten Meal; Copper Among 13 Theft Cases

Over \$700 worth of guns and ammunition from a Mitchell area discount store and \$250 worth of copper were stolen in items stolen in a series of burglaries and thefts reported to Quad-City and county authorities over the weekend.

Among other cases, a quantity of bulk gluten meal used by a local industry was stolen from a box car, an auto containing valuable tools was stolen and another stolen car was found.

An assortment of 16 revolvers and automatic pistols and 30 to 35 boxes of ammunition with a total value of \$700 to \$800, was stolen early Friday by fast-acting burglars who entered Box John's store west of Mitchell.

The theft was discovered about 4 a.m. by Richard Elington, a watchman, who notified the sheriff's office. Elington said he had made his rounds through the store three times between 1 and 4 a.m., and then noticed boxes on the floor at the nuttily boxes case which had been looted.

The guns were revolvers and automatics, 22 to 38 caliber. The ammunition stolen also was 22 to 38 caliber.

It is believed the thieves entered through a window in the guard, and entered when Elington went to another section of the building.

Seven recent area cases involving the theft of guns and ammunition are among those on the list.

They are Jack Walter Moad, 30, of 1718 Cleveland Blvd., charged with intimidation of a witness in connection with a pending murder case; Robert E. Egan, 25, of 2100 S. 10th St., charged with armed robbery; Richard Lee Owens, 20, of 1718 Cleveland Blvd., charged with armed robbery; Allen D. Underwood, 20, of 1718 Cleveland Blvd., charged with armed robbery; and Allen D. Underwood, 20, of 1718 Cleveland Blvd., charged with armed robbery.

The office door had been forced open to gain entry.

Box Car Burglary

An undetermined amount of bulk gluten meal was stolen from a box car near the Union Star and Refining Co. on 10th St. and 10th St. on Saturday.

The theft was reported Thursday by Lawrence J. Lawrence, a traffic foreman. He said the thieves broke the seal on the car. Meal was spilled along the tracks.

Lee Allen, 1912 Fourth street, East Madison, reported at 10:25 a.m. Saturday that his 1955 two-door auto containing about \$600 in tools was stolen from his home after 11 p.m. Friday.

He said the county sheriff's office that some of the tools were in the back seat and entered the vehicle.

About 60 cents in change was taken from a soda machine and a drawer in a burglary.

The Quality Sand Co., 4439 Highway 162, it was reported to the sheriff's office at 7:15 a.m. Saturday. Valuable items were disregarded. Entry was gained by breaking a window in the back door. Deputies found small footprints at the scene.

Kenneth Archer, 2843 Myrtle avenue, reported at 10:45 p.m. Thursday that a 15-transistor radio, a 12-transistor clock radio, an adapter and a scuba set were stolen from his transacted.

Three Separate But Simultaneous Murder Trials

Defense Attorneys For Ernest Lloyd Nichols, 47, And Paul D. Kelly, 19, Both Of Old Alton Road, Mitchell, And Charles Earnest Nichols, 21, Of 2728 Dale Avenue, Obtained Separate Trials Requiring Each Defendant To Be Tried Separately.

They are charged in the multiple shooting of Aaron Legett, 16, maintenance man at the Arlington Heights country club last Feb. 4.

If plans materialize, three courtrooms, three judges and three juries will be handling the cases. Witnesses and police officials will have to provide the same testimony through three different juries.

Sheriff Barney Fraundorf complained that the jury room in the courthouse is inadequate to accommodate three juries, and is contacting motels for arrangements if they should be necessary.

At St. Louis, a sixth continuance was granted to Wilfred C. Bennett, 29, of 2800 Idaho avenue, charged with the murder of a St. Louis laborer, who died Sept. 18. Fraundorf said Bennett again obtained a new attorney, who plans to have a full trial on a new trial date was not announced.

Commissioner Since 1921

Loman pointed out that Mr. Worthen has been a park commissioner since the Granite City park district was founded in 1921, and that he is believed to hold the title of local park commissioner longer than anyone else in the state. Worthen was given a round of applause for his devotion to public service.

The new park, which is a grade school site to be built, is being developed for a rapidly growing area. It now contains a playground, a ball field, a swimming pool, and a tennis court.

35 Jobs Wanted \$569,217 Bids on Parkway School

Exceed Total Provided; May Use Alternates to Cut Grade School Cost

Bids on construction of Parkway grade school, which were opened Friday afternoon, totaled \$569,217, including a \$355,552 bid on general work by the Leo Wolf Co., Granite City, \$168,700 plumbing by the R. H. Johnson Co., St. Louis, and \$44,965 electrical work by the D. R. O. Co., Granite City.

The total includes cafeteria equipment but does not cover other school furniture or landscaping of the site on Maryville road near Stratford lane. A \$500,000 figure was included in the bond issue approved by Granite City school district voters a year ago.

Low plumbing and heating bid at \$124,944 from Markley Plumbing & Heating Co. was in error by a substantial amount, an official of the firm advised Supt. Russell D. Johnson and Architect Virgil H. Dulleroff after the bids were read publicly.

Action on the bids may be considered by the school board during a regular meeting at 7:30 p.m. Wednesday.

Fall 1966 Opening

Wolf, the apparent low bidder on general construction, listed 380 calendar days as necessary to complete the project.

It is planned to open the kindergarten-through-sixth-grade school in the fall of 1966.

While some additional funds have been tentatively allocated by school officials to supplement the grade school bond issue, it is believed that some deductive alternates in the various bids will be accepted to bring the total amount of the project or substitution of alternates.

Teenager Safe Driving Road-e-o Planned

Quad-City teenage drivers are
being invited to participate in a
"Safe Driving Road-e-o," slated
for 1 p.m. Sunday, May 30, on
the parking lot at Nemoak Vil-
lage shopping center. Co-spon-
sors of the event are the Gran-
ite City Jaycees and Tri-City
Motor Co.

Road-e-o contestants will com-
pete in a written quiz, straight
line exercises, curved obstacle
course and parallel parking.

Robert Collins, Jaycee project

chairman, reports that similar
contests are sponsored annually
on a nationwide basis by Lincol-
n-Mercury dealers and Jaycee or-
ganizations.

During the local contest, Tri-
City Motor Co. will provide two
new automobiles for use of the
contestants. Winner of the local
road-e-o will advance to the re-
gional competition in Macomb
later this summer.

The Jaycees are contacting
driver education instructors in
the Madison, Venice and Granite
City school systems who will be

asked to encourage their stu-
dent to participate.

Collins emphasized that the
Road-e-o provides an opportu-
nity for the teenager to demon-
strate his acquired driving skill,
while showing responsible citi-
zens of the community the need
and advantages of driver educa-
tion. He added, the contest
serves to impress the young
drivers in safe driving habits.

Scholarships totaling \$4500
and a new automobile can be
earned by the youngsters, as
well as a trip to Washington, D.C.

Mayor to Name Fire Chief, Air Pollution Board Tonight

Mayor Partney is expected to
name a new fire chief and make
other appointments, including
a nine-member Air Pollution
Control Board, at tonight's 8
o'clock Granite City council
session.

The mayor has declined to
give any advance information on
appointments prior to submit-
ting them to the aldermen for
confirmation.

The city's first air pollution
control board, established in
April with the adoption of an
air pollution control ordinance,
is to be made up of at least one
registered professional engineer,
a physician, a representative of
labor, a manufacturing concern
manager, a lawyer, a govern-
mental official and three mem-
bers to be selected at-large.

The board is to work with a
technical secretary, who is to be
the enforcement officer. The
council has yet to set a salary
for the post, and it is doubtful
the secretary will be named to-
night.

Carried over from last week's
session is an ordinance setting
forth duties and powers of the
revived Personnel committee of
the council. The ordinance was
placed on first reading after ob-
jections were raised to the com-
mittee's authority to interview
all city job applicants except

those for police and firemen
posts. The council is disputing
the interviews for street depart-
ment workers, saying that pow-
er was delegated to the street
superintendent.

Mayor Partney said he is ex-
pecting the resolution for award
of the garbage-trash collection
contract to be ready for final
approval tonight.

Council members voted 10-to-6
last week for the contract to go
to National Disposal Corp., Bar-
rington, Ill., on its low bid of
\$122,745-a-year for a three-year
contract. Rejected was a be-
lated offer from LaMear-United
Disposal Co., St. Louis, of
\$102,500. LaMear-United has the
present contract of \$147,500-a-
year which expires July 1.

The altar was banked with greenery and lighted with burning candles in candelabra. The main aisle of the church was also illuminated with candles, the candelabra entwined with smilax and tied with white satin bows.

The 7:30 ceremony was performed by the Rev. C. N. Pace, and a reception was held afterward at the YMCA here.

The bride wore a gown of pure silk organza, floor-length. It was styled with a fitted bodice, a scoop neckline and long tapered sleeves. It was enhanced with reemphasized Alencon lace and lace also trimmed the full skirt to the hem line, sweeping into a scalloped train. A crown of crystals and pearls secured the bride's three-tiered veil of silk illusion and she held a cascade arrangement of white pom poms, stephanotis and various lily centered with an orchid corsage.

Miss Sherry Casteel, maid of honor; Mrs. Thomas Candler, bridesmaid; and Linda Frizzell, a cousin of the bridegroom, junior maid, were dressed alike in floor-length gowns of powder blue acetate peau de soie fashioned with molle bodies, oval necklines and elbow-length sleeves, accented at the waists with bows. The controlled skirts featured Watteau backs. Matching cabbage rose headpieces were in their hair and their bouquets were made up of blue and white pom poms.

A little flower girl, Denise Cox, the bride's cousin, wore a dress of white acetate peau de soie with a blue ribbon encircling the waist, ending in a petite bow and streamers in the back. She held a basket of blue and white flowers. The rings were carried by young Jimmy Mitchell. Miss Leah Heinke, presided over the guest book at the reception.

THE WGNU CLUB DERBY!!
BY...MR. GNU

The big news at the moment on the Club Derby is that we will definitely give a beautiful 1966 Zenith COLOR TV set to one of the clubs in the Derby!! So, if you don't quite make No. 1 and the new Buick Station Wagon, that Zenith Color TV set isn't bad!!!

In fact, for every club that finishes and makes the minimum turn-in each month there'll be a valuable merchandise award given besides the cash awards.

As you know, our next turn-in is on June 1 and, since this is Opportunity Month, only non-winners of the top money prizes at the April and May turn-ins are eligible. This eliminates Madison Band, Eastern Star 450, St. Margaret Mary Parish and Warrior Boosters. But these groups will have to keep hustling because you want to roll up those points toward the Grand Cash and Merchandise Awards... also current coupons will have to be credited toward the June turn-in regardless of whether or not the organization is eligible for the money that month.

So this is a great chance for those groups that are eligible including: St. Joseph's Parents and Friends, St. Elizabeth's Altar Society, Navy Mothers, Minerva Women's Club, Granite City Republican Women, DUV District 8, DUV Tent 60, Free-will Baptist Church, Beta Sigma Phi, National Secretaries Association, Venice Ladies Democratic Club, Women of the Moose, 58ers 4-H, Nite Outers and the Rocka Boys Club...

Remember the big bonus for spreading the coupons out among all the sponsors — a minimum of 10 coupons from any twenty of the sponsors listed on the coupon sheet will give your group a bonus of 5000 points and a minimum of 10 coupons from all of the 22 sponsors listed will give your group a bonus of 10,000 points!!!

This coming Friday starts the big Decoration Day weekend — and more important to our Derby clubs — the opening of Fun 'n Sun Beach and Park on the East Chain of Rocks Road near Mitchell. This is a fabulous place and will prove to be a real plus for our area — we have distributed coupons good for 100 bonus points apiece when presented for admission during the opening weekend. By the way, we'll broadcast directly from Sun 'n Fun throughout the day on Saturday — drop by and say "Howdy!"

Great place to pick up points is at Tri-City Cleaners — big special on suits and dresses for \$1.00 apiece...

How about June graduation or church pictures — or, perhaps most likely of all, a wedding album from Lazenby Photographers... just call Lazenby at TR 6-2978...

Friedman Furniture has a great line of air conditioners and now is the time when so many of us finally decide to get one that is needed... this could be good for 4,000 or 5,000 points...

Everyone is raving about the 1 cent cookie sale at Frenchie's Bellemeure with the Derby coupon... buy a dozen at the regular price, get another dozen for another penny... plus 20 bonus points.

Hear Ann Burton with the Derby news twice daily at 9:30 a.m. and 2:30 p.m. — WGNU (920 kc.)

Fate Enters Again to Aid Dal Maxvill

Fate seems to have a way of propelling Granite City Dal Maxvill into the spotlight.

Yesterday, a late-season injury to second baseman Julian Javer left the reserve infielder to play a vital role in the penultimate-clinching and World Series games. Yesterday, Maxvill went in as an eighth-inning replacement for Javer with the Red Birds seemingly hopelessly behind the New York Mets 7-2.

In their ninth, the Cards scored two runs on an error, infield hits by Bill White and Ken Boyer and Dick Groat's single. Then Phil Gagliano walked to load the bases and bring up Maxvill. The little guy who has been used most sparingly this season, rapped a liner toward right field.

Ron Svoboda and Danie Felt intervened again. Svoboda slipped on the rain-soaked outfield grass and Maxvill's "sure out" went for a three-run triple to tie the game 7-7. The Birds went on to win 8-7 in the 12th on White's hit for their 10th victory in 11 contests.

Maxvill's unusual play, his second big-league triple—might have been his second homer in fact—drove the ball rolled a few feet further from Svoboda.

The Cards stand 21-15, 2½ games behind front-running Los Angeles where they play tonight. Cincinnati is second, a half-game ahead of St. Louis.

Crewcuts Connect For Seven Homers

Home runs were commonplace for the Crewcuts in a 24-1 victory Saturday in the Namoki Little League. Jeff Boyles hit three, Eddie Zurbia slugged two, and pitcher Mike Adams and Max Leggett each hit one.

Other Little League roundtrippers were by Richard Walker and Barry Schneider of the Shutterbugs, Ruffy Barton of the Jaycees and Mike Campbell and John Etnik of the Champions. Etnik also pitched a 14-strikeout two-hitter over the Bobcats.

In the Granite City Park League, highlights reported include a grand slammer by Frank Faulkner of the Tigers, two homers and a one-hit pitching performance by Mark Lemon of Bellemeor Toy.

Charles Dew hit two homers and Craig Caldwell and Austin Caldwell hit one each for the Bombers in a Mitchell League game. Don Fulkerson homered for the Cubs.

Baker Hurls Two-Hitter, Busy at Bat As Mathews-Blue Circle Captures Two

Mathews-Blue Circle swept, both games of a softball doubleheader 12-0 and 6-1 from Tri-Loungers last night at Wood River. The combined Granite City-St. Louis team now has a 4-3 record.

Ralph Baker pitched his second straight two-hitter in the first game, getting three strikeouts and giving one walk. He also slammed three hits, including a two-run home in the fifth for five runs batted-in.

Babe Champion also had three hits with Dick Clift and Art Borchers clubbing two each for MBC. Borchers had a double and Champion a triple.

Mike Tippton chucked the 6-1 triumph and notched nine strikeouts with no bases on balls. Battersmate Vince Saputo got things started with a fourth-inning homer.

Falstaffs Clout Eagles by 21-4

Off to a booming start in Open League slow-pitch softball action, the Falstaffs defeated the Eagles 21-4 Monday night at Wilson Park. Fred Leidner went 4-for-4 with a homer, triple, double and single.

Maxvill's unusual play, his second big-league triple—might have been his second homer in fact—drove the ball rolled a few feet further from Svoboda. The Cards stand 21-15, 2½ games behind front-running Los Angeles where they play tonight. Cincinnati is second, a half-game ahead of St. Louis.

Warriors 4th At SW Meet: Two Records

Granite City School set 17 points and finished fourth in both the senior and junior divisions Friday night in the Southwestern Conference's annual prep track meet.

Host East St. Louis won the senior title with 74 points, followed by Alton 63, Edwardsville 207, Granite City 17, Wood River 16, Collinsville 14 and Belleville. The young Flyers also triumphed with 85½ points.

Dwain Bridges crossed the 13-foot mark in the pole vault for a Granite City record, topped Illinois' 11-1. Terry Dutko had a homer, double and single in four attempts.

Contributing two hits were Nighthawks John Fanning, John Adams, Roy Morgan and Mike Lester. Seven different players had three hits with Jim Blomquist and Lloyd Summers socking triples.

Club Delmar whipped Mexican Honorary Championship 16-6 as Bill Seago smashed a two-run homer, two triples and a double in four at-bats. Don Garcia, Mike Sikora and Jerry Teague all had three hits with Wimp Wilson and Popeye Patterson socking two each.

Jess Ybarra hit a homer and single for Mexican Honorary which got eight safeties off Coach Angelo.

Second Baptist Scores 14-5 Win

Second Baptist pounded 20 hits Friday night and downed Bethel Community 14-5 in the opening Church League slow-pitch softball action at Wilson Park.

Jay Corbitt and Carl Haug had four and three hits respectively for the winners with Corbitt pitching the nine-hit victory.

Gracefield General Baptist topped West 22nd Baptist 12-9 with John Warren, Roger Poltey and Mike Warren all getting three hits.

Community Heights Assembly of God tripped Grace Baptist 14-3 behind the four-hit effort of Ray Doolin and three each by Dale Maxvill and Ken Carr. Jeff Smith added a homer and Bob Garland had three hits for Grace.

Second Baptist also topped Niedringhaus Methodist 7-5 with Rich Franklin getting three hits and Tom Trindall homering. Neil Ebersoldt and Bill Leach had three hits for Niedringhaus.

Credit Union Moves In Loop's 2nd Slot

Granite City Steel Credit Union took over second place in the Metro-East Senior Khoury League yesterday with a 10-5 triumph over the East St. Louis Cavaliers.

Singles by Terry Turner, Barry Syles and Larry Anderson notched two runs in the third inning while five Cavaliers errors and hits by Turner and Anderson accounted for five more in the third frame.

Turner's third hit was a homer in the sixth. Ralph Richter also had three hits for Credit Union. Steve Leik worked the first seven innings for the win with Carl Haug finishing up.

Credit Union plays the first-place Belleville Moose (3-0) at 2 p.m. Sunday at Lee Park, Venice.

Highland Wins Loop Crown 10-5

Highland won the Midwestern Conference baseball championship Friday by defeating Madison 10-5 in a make-up game Friday on the Trojan diamond.

The Bulldogs made only two hits off of Trojan hurler Tom Williams, but a bevy of walks and four errors led to his downfall starting in the third inning as Highland finished its season 2-0.

Highland scored six runs in the third inning and winning hurler was coasting with a no-hitter until Madison's sixth when Alton Rendell spoiled it with a single.

The Trojans scored three times that inning as the hit followed a walk and was followed by two more bases on balls and a wild pitch. The other two runs in the seventh came on singles by Greg Vasyiak, Ron Davis and Steve Shipoff plus an error.

Williams was close to escaping the disastrous third inning. He walked the first three batters but a double play erased two of the runners. He then passed the next three, forcing in two runs, a single drove in two more and the last two crossed the plate when the Trojan infielder dropped a fly ball.

Two walks and an error loaded the bases for the Bulldogs fifth, and a runner beat a throw to the plate on a sacrifice fly ball. But trying a pickoff at second, the catcher threw into center field and two more runs scored.

Vasyiak finished the game on the mound for the Trojans in the seventh frame.

Score by innings:
Highland 000 031 0-10
Madison 000 002 3-5 4-1

Injunction Suit Filed In Plumbing Firm Case

An injunction suit is on file in Madison county circuit court for John Hogan, a major stockholder in Galloway-Von Gruenigen Plumbing & Heating Co., to enjoin Sigmund Von Gruenigen and Mary Sedekum, other stockholders, from diverting company business and assets to any other person or party.

The suit also asks the court to appoint a receiver to liquidate the assets of the company. A hearing is set for Thursday.

According to the complaint, Hogan and Von Gruenigen each hold 45% of the stock and Mrs. Sedekum, secretary-treasurer, owns 10%. Hogan served as president of the firm until last April 15 when he resigned because of previous disputes.

The complaint alleges that on July 1, 1964, Mrs. Sedekum became associated in business with Walter Aerne in Amco Plumbing & Heating Co., located nearby and in competing with the Galloway-Von Gruenigen firm, and that as she serves as a stockholder, director and officer of Amco, she has divided loyalties and duties.

It also claims that Von Gruenigen has ordered that the firm accept no new business and has diverted business and assets elsewhere, causing harm to Hogan and the company by diminishing the value of the company's assets.

The complaint alleges that the firm has assets in excess of \$25,000, and that the actions of the defendants are illegal and oppressive as assets are being misapplied or wasted.

Rapid Transit Plan Outlined

Planning and development of the San Francisco Bay Area Rapid Transit district was described in a meeting of about 200 business and civic leaders of the metropolitan area Thursday afternoon by B. R. Stokes, general manager of the system.

The meeting, held in St. Louis under sponsorship of the Metro-East Chambers of Commerce Association, Downtown St. Louis, Inc., and the St. Louis Metropolitan Chamber of Commerce, was attended from the Quad-City area by Carl Mathias, president of the Tri-Cities Chamber of Commerce; W. Ashley Gross, president of General Steel Industries, Inc.; E. E. Veil, director of the Chamber of Commerce; C. P. Whitehead, chairman of the board of General Steel Industries; Daniel House of General Steel Industries; and C. E. Townsend, chairman of the St. Louis Development Agency.

Stokes said 10 major elements used in the development of the San Francisco transit system, might be adaptable in this metropolitan area's search for a rapid transit system. He said the San Francisco system will cost \$12,000,000 a mile, or slightly less than \$11 billion dollars, whereas a metropolitan freeway cost as much as \$20,000,000 to \$30,000,000 a mile.

Stokes said none of the cost of actual construction would be met from fares. "We started out with the conviction that you don't expect a 1920 model transit system to compete with the 1965 automobile and freeway system," he said. "This means that your capital cost must come from tax revenues or a subsidy of some kind."

THE PASTOR SPEAKS

REV. ROBERT CARR
 Mount Zion
 General Baptist Church

"A word fully spoken in like apples of gold, in pictures of silver" (Prov. 25:11).

This metaphor gives praise to the proper use of words. As a golden apple stands out from the silver frame of several apples, being used to filling in and newspaper columns, they are often heard or read unappreciated. Their results are wasted like water spilled upon the ground.

Wisdom In God's Word

God's word in the Bible and from the pulpit is the apple of gold that stands out from the silver frame of several apples, being used to filling in and newspaper columns, they are often heard or read unappreciated. Their results are wasted like water spilled upon the ground.

Words that are helpful to others are true and fitted to the occasion. They must come from the heart, and be sincere, and sympathetic to the person in need.

Assurance Of Forgiveness

To the person beset by distress, discouraged by problems or plagued by difficult decisions, God says, "I will never leave thee, nor forsake thee" (Heb. 13:5).

The person who has committed sins and seeks release from the guilt may find forgiveness in the word of God. "For the sins are forgiven thee" (Luke 5:20).

Kind-hearted, thoughtful people will cultivate the habit of speaking wholesome, helpful words. They will abandon criticism, sarcasm and ridicule. A child living in a loveless home needs a word of kindness. A youth who is ready to give up needs the assurance of God's love. The aged and ill need words that tell them they are loved.

A look about you will find someone to whom you can give an "apple of gold."

Constructive Approach To Meeting The Need For Municipal Services In Fringe Areas

Mayor Partney, Granite City aldermen and the City Plan Commission have taken a commendably constructive approach to the question of extending municipal services and privileges to the residential area east of Johnson road and Highway 67.

Opportunity to become a part of the city constitutes a real bargain for current and future residents of the Ross, Gorbie and Wilshire areas, who already help pay the biggest property tax, the \$2.39 school rate. They also pay a 32-cent Nantoki township tax rate, including road costs. Granite City taxes include, 75 cents for the city and 13 cents for the township.

Assuming the affected areas would have become a part of the Granite City park district, in any case, due to the proximity of the new 20-acre park and its recreational facilities, they can look to an increase in their total rate of only 36 cents or 10%.

More than offsetting this 10% differential and any associated inconveniences are the advantages of separate trash collection and library costs, better burglar protection through extension of police patrols, availability of increased firefighting apparatus and manpower, provision of a variety of other helpful city services, better insurance prospects, a more direct voice in zoning decisions and more economical and convenient sewer, drainage and sewage treatment services—avoiding a costly program under which sanitary sewage would be transported across Nantoki township to Horseshoe Lake.

Although city departmental expansion costs will cost revenue from the 20-acre residential area, the move is a progressive one that in the long run will benefit both the annexing and annexed territory. This is because only a municipality is geared to provide the multiplicity of services needed from the local level of government. Neither the county government nor a township can adequately take its place, under existing Illinois laws.

Information For City Hall Visitors

Proposed relocation of the city hall telephone switchboard in Granite City to provide an information desk, which will be open to the public, should prove of great help to the public.

With such assistance, citizens having business to transact at the city hall can be sent directly to the office that can accommodate them, thus saving time and also leading to greater efficiency within the various offices.

PRESSURE BEING APPLIED TO VETERAN OFFICER

Has the press or anyone in Madison asked the chief of police or mayor why a policeman with 26 years' service has been replaced on the day shift by a man with only two years' experience? Can't you feel there's a definite need for understanding adults to work with teenagers, and are grateful for the assistance of those people.

Special mention and thanks go to Mrs. Hanks, who has been club advisor for three years. This club, Sigma Hots, has had a maximum number of members and has been an outstanding club in projects completed.

Words that are helpful to others are true and fitted to the occasion. They must come from the heart, and be sincere, and sympathetic to the person in need.

Unchanging Guideposts In A Changing World

Graduation time is here once again, and hundreds of young Quad-Cityans will venture out into what they hope will be an exciting and receptive world.

It will, for certain, be a world vastly different from that of their forebears knew. It is troubled, complex and restless. It is changing so enormous and implacable, and change takes place at a dizzying pace. The challenges are endless.

At the same time, it is a world of great opportunity. New frontiers are being explored and exploration is constantly being opened in industry, business, government, medicine, science and other fields. Within a few years, more material progress has been made than in preceding centuries, and the rate of progress is accelerating. The future will bring more and greater wonders—all the way from homes of incredible comfort and convenience to the landing of humans on the moon.

So the world will welcome those leaving high school and college and, in return, it will ask much of them—often requiring skills that did not exist a short time ago. Above all, it will demand a willingness to keep on learning; formal education is merely a beginning.

Surrounded by material abundance and achievement, it could be easy for the graduates of 1965 to lose sight of spiritual values and to some point in their lives. But they will want to guard against this, for without such values the world is meaningless and empty, no matter how it is changing. The future will bring more and greater wonders—all the way from homes of incredible comfort and convenience to the landing of humans on the moon.

Fairness, Like A Coin, Must Have Two Sides

House Bill 257, the well-intentioned equal housing opportunity bill, should not be adopted at Springfield because it gives too sweeping powers to the fair housing practices commission that it would create.

Contrary to the federal constitution, defendants in commission-initiated cases would be required to incriminate themselves, and penalties could include not only fines, damages, legal costs and imprisonment but also clouding of property titles. In certain cases, the title could be left clouded with no opportunity granted to attempt to prove innocence in court.

The proposal not only makes the commission the policeman, the lawyer for the complainant and the judge, but also gives it such discretion in its rules, hearings and disclosure policies that there could be no effective safeguard against even extortion. The commission could remain secretive about its actions and practices but could publicly embarrass suspected violators, or not do so, at will.

Such a poorly prepared bill should be rejected. Fair play, to have any meaning, must work both ways.

Whose Ethics?

Most interesting quote of the past week, without much doubt, was the comment by Alderman Nomm at the May 17 Granite City council meeting: "Ethics go out the window when you talk about dollar bills."

Spring, Summer Hazards For Eyes

"The coming of spring and the sun preparing gardens for the summer, could present the possibility of eye injuries," Frank E. Fowle, president of the Illinois Society for the Prevention of Blindness, has cautioned Illinois residents.

Use Of Spray Cans

"Plant spraying also can be a danger to vision. If the spray happens to enter the eye, it will cause a burn. Such a burn could cause deterioration of sight in the affected eye or even blindness. Eye protection, wear for the short space of time it takes to use such a spray, would assume the prevention of an eye injury."

GC Optimists Plan Membership Drive

Ways to increase membership and attendance at weekly luncheon meetings was the chief topic of a round-table discussion held Thursday afternoon by members of the Granite City Optimist Club, who met in the YMCA.

2 Michigan Men Are Charged with Beating Supervisor

Two Michigan men charged with beating and robbing Onondaga township Supervisor Edwin Meyer last Tuesday night waived grand jury action Friday and were held on \$15,000 property bonds.

They are Edward Harland Westlund, 181 both of Ypsilanti, Mich., who were apprehended by state police near Springfield, Mo., while they were in Meyer's auto. They were expected to enter guilty pleas today.

The assault, which occurred after the three men had left a Livingston tavern, caused strong complaints the next morning on the floor of the Madison county board of supervisors concerning the lack of adequate police protection in unincorporated areas of the county.

Meyer, who was found on a road between Livingston and Alhambra, was hospitalized.

Westlund and Harland were taken into custody Thursday by Capt. Louis Bowman, chief investigator, and Detective John Cooper. Three women who were at the tavern the night of the incident accompanied the deputies and identified the pair from a lineup.

Cooper said the two men had spotted a state police car with its red light flashing and mistakenly believed it was a road block. The troopers were protecting a road stripping machine which was in operation.

The two-faked engine trouble and stopped and police became suspicious after offering assistance. They traced the license number and learned the car was stolen.

The two also had in their possession a wallet belonging to a Michigan man whose car was stolen in Michigan and buried in Madison county. Harland, a soldier, is absent without leave from Fort Gordon, Ga., Cooper said.

Labor Group Studying Lewis-Clark Proposal

Edwin Reiske, president of the Tri-City Trades & Labor Council, is currently studying the need for expansion of Lewis & Clark state park near the Hartford canal to determine if the council will support the enlargement as proposed by the Wood River Chamber of Commerce.

Reiske said he is to submit a report to the council at the June 2 meeting. He added that the council is to nominate officers in June for an election in July.

Also under study by the council is a request from the St. Louis Industrial Development Board for assistance from the council in obtaining a loan from the Madison county board of supervisors to purchase the property of the Quad-City industrial plants and the Army Depot, it was announced today by H. D. Karandjoff, reported county residents purchased \$395,000 in series B and H bonds during April. In the state, the total was \$2,972,000 or 7.5% of national sales of \$394,611,000.

Savings Bond Payroll Plan Gaining Momentum Here

The greatest awareness of the U. S. Savings Bond payroll savings plan since war II is resulting from the special program inaugurated by the Madison county board of supervisors. In series B and H bonds during April. In the state, the total was \$2,972,000 or 7.5% of national sales of \$394,611,000.

Sale of Wheel Tax Stickers Lagging

Sale of wheel tax stickers was reported lagging by the Granite City clerk's office today, with only 5500 of the license tags reported sold. The clerk's office is open until noon on Saturdays for the convenience of motorists unable to get to the office on week days.

Customarily the city clerk's office sells more than 12,000 wheel tax stickers for passenger cars each year.

A police drive in which motorists will be arrested and will be subject to fines plus court costs, as well as the cost of the license tags, will start June 1. Police officials said the wheel tax tags must be displayed on the windshield. Motorists not having the tags after the June 1 deadline are subject to fines up to \$25.

Hoelscher to Head GC, Mitchell Division for UF
John R. Hundley, general chairman of the Tri-Cities Area United Fund drive for 1966 funds, announced this morning that William F. Hoelscher will head the Granite City and Mitchell Division of the drive, for the second year. Hoelscher is executive secretary of the Manufacturers' Association of the Tri-Cities, and is a member of the United Fund Board of Directors and the Admissions and Distributions Committee. The Granite City and Mitchell Division solicits contributions from city, county, state and federal employees, school personnel, United Fund agency staffs, residential givers not approached at their employment, and from clubs and organizations. Assisting Hoelscher in the Granite City and Mitchell Division will be Earl Lee, administrative assistant in charge of personnel, and elementary instruction. He completed a three-year term on the United Fund board of directors in February 1965, and has served on the schools section for the last five campaigns. Theodore Overbeck, postmaster of Granite City, will organize solicitation of postal employees, a service he has rendered the United Fund since its formation. Civilian employees and military personnel at the Granite City Army Depot will be under the chairmanship of C. Wayne Banks, serving in his second drive in this capacity. David W. Morgan, executive of the Granite City Housing Authority, will head the public agencies section, which includes state employees, park district personnel, the Housing Authority and East Side Levee Board employees in the Quad-Cities area. Morgan has served in this section in three previous drives. Solicitation of clubs and other organizations in the Quad-Cities Area will be headed by David W. John, who has worked in the Commercial Division in prior years. Chairmen for Granite City municipal employees, United Fund agency staffs, and residential givers will be announced when they are appointed. The Granite City and Mitchell Division raised \$16,845 last fall for 100% of its goal, under Hoelscher's direction. The drive for 1966 funds will open Oct. 4 and run through Oct. 27, for a goal to be determined by the board of directors when agency needs have been examined by the admissions and distributions committee under Leo Konzen.

'Red Alert' Set For 3-Day Holiday

Memorial Day travelers—who will have a three-day holiday this year—have been warned that the customary "Red Alert" will be in effect on local and state highways, with increased police personnel on duty to control traffic and hold down violations.

City and county police in the Quad-City area have warned that a crackdown will be made on all traffic violators in an effort to hold down the accident toll which customarily climbs during such holiday periods. The "red alert" period will start at 6 p.m. Friday and end at 6 p.m. Monday.

Because the 30th of the month falls on Sunday this year, Memorial Day will be observed on Monday, May 31.

Sewing Class Planned At Lee Wright Homes

Mrs. Esther Soman, Extension Clothing Specialist from the University of Illinois, will conduct the second in a series of sewing classes Wednesday at Lee Wright Homes in Venice. She will instruct on the use of a commercial dress pattern and also will demonstrate cutting and marking dresses.

Assisting in the classes which are to be held also on June 2, 9 and 16, will be Mrs. Irene Daves, Mrs. Kathryn Arnold, Mrs. Genevieve Hill, Mrs. Shirley Schilling and Mrs. Florence Rapp, and others from Edwardsville and Collinsville. Mrs. Catherine Mauck is Home Advisor for the Madison County Home Economics Extension.

On boarding any bus within the designated area, the passenger will deposit 50 cents in the fare box and request a return trip ticket. The ticket will be good for the return trip within the area up to midnight of the same day. No transfer will be issued on this special fare.

In the Quad-City area, the 50-cent roundtrip fare will be good on the entire East Granite and the entire West Granite Stockyard lines. On the Mitchell line, it will be good from Highway 203 and Wabash, or from Pontoon road and the Alton & Southern railroad to Highway 67 and Eagle Park road. On the McKinley Bridge line, it will be good from the east end of McKinley bridge to the end of the line at 28th and State streets.

Weekly Pass Introduced

The new schedule of fare changes to be put into use at the same time was recommended by the W.C. Gilman & Co., Inc., consulting engineers for Transit Services Corp., managers of the system. Principal features of the new fare system includes a new \$3.50 weekly pass, replacing the present monthly pass. The new weekly pass will be good for unlimited riding within the Central fare area without any additional payment, on express and Rapid service, as well as all regular service. It also will be good outside of the central area with payment of the 50-cent zone charges where applicable.

The initial weekly pass for the week of May 31 through June 6, will be sold for \$2.50 instead of the regular \$3.50 as a special introductory offer, and also because the current monthly pass will still be good on May 31, the first day of the new rates.

Other features of the new fare system include:

1. The Central fare area will be expanded to embrace the entire region between Granite City, East St. Louis and Edgemoor on the east and the St. Louis outer city limits on the west, erasing the remaining fare barriers between the east and west sides of the river. This expansion means, for example, that a passenger can ride from Grand avenue or Hampton avenue in St. Louis to Granite City or East St. Louis for 50 cents instead of the present 45-cent fare.
2. The basic adult cash fare will be 30 cents instead of the present 25 cents within the new enlarged Central fare area, but all present transfer charges and bridge tolls will be eliminated.
3. In all zone fare areas, in both Missouri and Illinois, the basic cash fare of 25 cents will continue to be good for a two-zone ride as at present.
4. The present basic 35-cent cash fare on express, Rapid and Park-Ride buses will continue unchanged.
5. The present 5-cent transfer charge in Missouri and the 5-cent bridge toll for transfer rides will be eliminated.
6. The present 15-cent transfer charge for a trip involving the use of both an Illinois line and a Missouri line will be eliminated.
7. All other fares will remain unchanged, including the 5-cent zone charges and zone structures, present student and child fares and the present cash fares on special services such as the
